

SAHANZ AGM
Sunday July 5, 2009. 8:30am

Secretary's Report
Stuart King

Executive Meetings:

The SAHANZ committee has met on three occasions:
teleconference 23 October 2008
'Skype' hook-up 19th February 2009
teleconference 16th June 2009

Memberships:

By the close the previous financial year the Society had received 139 memberships for the 2008-2009. This figure includes 15 student memberships. The overall figure represents a sound increase on the total number of members in 2007-2008: 120.

For 2009-2010 membership fees stand at same rate as recent years: \$90/\$60. Advice on membership renewals and a call for new members was issued in May and memberships for 2008-2009 currently stand at 89 memberships. Sixty-nine of these subscriptions are coming via the conference (yet to be processed) and twenty have been received independent of the conference. The total figure includes 16 student memberships and 7 life members.

A membership drive should continue following the conclusion of the conference, with a view to further increasing the membership base.
